## PUBLIC NOTICE OF HAZARDOUS WASTE PERMIT RENEWAL

The Illinois Environmental Protection Agency (EPA) hereby gives notice of intent to renew a Resource Conservation and Recovery Act (RCRA) post-closure care permit held by BFI Waste Systems of North America, LLC for the closed, 40-acre, Zion Site 1- Phase A Landfill. The landfill is located at 701 N. Green Bay Rd. in Zion, IL and is owned by Veolia ES Zion Landfill. BFI is providing post-closure care for the landfill under its current RCRA permit. This permit renewal would update those post-closure provisions and require BFI's continued maintenance of this closed landfill.

The interested public is invited to review copies of the permit application, draft permit and related fact sheet, at:

**Zion-Benton Public Library, 2400 Gabriel Ave., Zion**

Written comments on the draft permit may be submitted during the 45-day comment period. Send comments to the Illinois EPA contact listed at the end of this Notice postmarked by midnight, **July 11, 2011**. In response to public requests or at the discretion of the Agency, a public hearing can be held to clarify technical issues concerning the draft permit. A public hearing request must be made in writing, express opposition to the draft permit and state the nature of the issue(s) to be raised at the hearing. Written hearing requests should be sent to the Illinois EPA contact listed below. Public notice will be issued 45 days before any hearing.

All comments received will become part of the Administrative Record (AR) and will be evaluated by the Agency in making the final permit decision. The Agency will respond to comments on the draft permit and indicate whether additional documents have been included in the AR. Commenters will be notified of the final permit decision and the permit decision appeal process.

The AR, including the permit application, draft permit, related information and all data submitted by the applicant, is now available for public inspection by appointment only Monday through Friday between 9:00 a.m. and 5:00 p.m. Please telephone the Illinois EPA contact below for an appointment to view the documents at Illinois EPA's offices in Springfield.
